Hello Vince,

Thanks for staying with us.

I'm pleased to notify you that iOS version of Spark has received the color-coding option for accounts. To check out the feature, please:

1. Make sure that you've updated to the latest (2.0.6) version of Spark.
2. Launch the app.
3. Go to Spark Settings > Mail Accounts > Color Coding.
4. Enable 'Color Coding for Accounts' toggle there.
5. Tap the account for which you'd like to select the color.
6. Choose the color from the palette.
